

## **DJ Royaal, let's groove**

For more than 25 years, DJ Royaal (Dimitri Visch) has been taking his audiences on a musical journey through time. With his love of entertaining and theatre and his soft spot for the eighties, he spins a mix of 70s, 80s, 90s, guilty pleasures and Nu-disco (Disco Classics with a modern twist), often on original vinyl.

Time and again, he gives people a back-to-the-past experience and achieves a packed dance floor. Interaction with the audience and an energetic, open attitude with a touch of humour are DJ Royaal's hallmark.

You can find this exclusive DJ from Rotterdam in all sorts of places, playing sets at business and other events, festivals, clubs, hospitality locations and theatres at home and abroad, for big names and at high-profile venues. In addition, DJ Royaal is perhaps the most outspoken LGBTQIA+ DJ in the Netherlands and has made his mark at many Prides.

DJ Royaal can be booked as DJ only (with or without vinyl) and optionally in combination with complementary light and sound.
